MILLIONS IN GOLD REACH NEW YORK BY STEAMER

First Shipment of \$7,100,000 Unloaded Yesterday—Many More Millions to Follow.

HAVE TURNED CORNER IN MONETARY DIFFICULTIES

With the Situation Cleared in New York, Other Points Will Receive the Assistance of Eastern Banking Houses.

By Associated Press.

NEW YORK, November 5.—The arrival of the first treasure ship laden with gold for relief of the present stringency was a feature of the situation today. The Kron Princess Cecilie unloaded \$7,100,000, which will go to strengthen the New York bank reserves. The Lusitania will closely follow in the wake with \$10,000,000. Fourteen million more is to follow during the week or early next week.

The news that the Bank of France had bought today three million pounds sterling bills in London is regarded as an event of first importance and indicating that the French financiers are not only able, but willing, to help London, and thus indirectly help America by relieving the strain at the Bank of England. And it is hoped the action will deter the Bank of England from raising the discount rate to 7 per cent at a meeting of the directors on Thursday and the Imperial Bank of Germany from raising the rate from 6 1/2 to 7 1/2 per cent.

The presence of Secretary Cartelou in the city on his way to vote gave opportunity for further conference with Morgan and other bankers.

Bankers who saw Secretary Cortelyou today were convinced that there is no intention of the president calling an extra session of congress to pass remedial financial legislation. It is understood that the administration feels that the situation should settle down to a basis where proper judgment can be formed on the various proposed changes of the present monetary laws.

Measures for strengthening the trust companies upon which runs have been made under further consideration today, but thus far it has not been clear how sufficient assistance could be rendered by other institutions without taking over the assets, which they do not consider absolutely "guilt edged." The situation is still far from solvent and its difficulties were increased by a lack of well knit and responsible organization on the part of the trust companies capable of entering into definite relations with the clearing house banks.

The conference at which the details for taking over the control of the Tennessee Coal & Iron company by the United States Steel corporation was discussed at Morgan's library today.

The directors of the Trust Company of America were in session today discussing plans for the more immediate future, but no formal announcement was made.

That the corner in the recent monetary difficulties had been turned was evidenced today when at a conference of J. P. Morgan, Levi P. Morton, George W. Perkins and several other financial men, attention was directed to the situation in other financial circles throughout the country to ascertain if the strain of the last two weeks had disclosed any weak spots. With the situation cleared here the bankers feel that they are now in position to render such aid as they can to other points should it prove necessary.

Million from Mexico

EL PASO, Texas, November 5.—One million dollars in gold from Mexico for New York passed through this city today. It is stated to be a part of the money for the completion of the merger of the Mexican Central with other Mexican railroads.

For the Want of Dough

MINNEAPOLIS, Minn., November 5.—Owing to financial conditions which will prevent the placing of orders, the flour mills of the Consolidated company shut down today. Other companies will also reduce the output or have arranged to close for a time. Another factor of the situation is the extremely high price of wheat, which operated to raise the price of flour to a point where buyers are in a waiting attitude.

PHOENIX WANTS GLOBE BALL TEAM

Will Undertake to Raise Money to Defray Expenses of Boys at the Fair Tourney

There is a strong probability that the Globe baseball team will go to Phoenix and participate in the baseball tourney to be held there during fair week.

Owing to a temporary tiup of funds the chamber of commerce was unable to come through with its promised appropriations and the boys had about abandoned hope of making the trip. Last night, however, Manager Prochaska received a phone message from Phoenix in which it was stated that banners had been placed throughout the city, welcoming Globe, and that it would be a keen disappointment to the people if the ball boys did not come. The local situation was explained and Phoenix, determined to have Globe represented, will undertake to raise \$400 or \$500 to defray the expenses of the ball team while at the fair. The matter was presented to the Phoenix chamber of commerce last night, and today the Globe team will be notified of the action taken.

FEAR ABDUCTION CHARMING WIDOW

Had Been Followed by an Aged Admirer and Suddenly Disappears

LOS ANGELES, Cal., November 5.—Mrs. Susie Martin, a charming young widow of twenty-five, has been missing from her mother's home at 408 Commonwealth avenue for two weeks and it is feared that she has been abducted. Mrs. Martin's mother is quoted as saying that her daughter had been accosted near her home several times of late by an old man who, after their third meeting, asked her to marry him and declared that she would regret a refusal. The girl, who until then had treated the man kindly on account of his age, indignantly refused, but for three days afterward was afraid to leave the house, declaring that the man would kill her. Finally an imperative matter of business called her from home and she has not since been seen. The police are much worked up over the case and a thorough search of the city has been made, although the matter was not reported to them until several days after the disappearance of the woman, thus furnishing them with only a cold trail.

The surgeons operated on the chief and it is possible he will recover.

He added that he could not practice socialism alone, but must await the necessary fundamental change in the social system.

KENTUCKY TAKES A FRIGHTFUL FALL FROM GRACE AND ELECTS THE REPUBLICAN NOMINEE FOR GOVERNOR

Curtis Guild Defeats Whitney in Massachusetts By a Plurality of 75,000—Same Old Story in Pennsylvania—Independents Elect Whitlock in Toledo—Markbreit Mayor of Cincinnati—Labor Union Ticket Badly Beaten in Frisco—Looks Like Victory For American Ticket in Salt Lake City

By Associated Press.

NEW YORK, November 5.—Returns from all sections tonight at 11 o'clock indicate that Curtis Guild, democrat, for governor, has won by a large plurality of about 75,000, is re-elected.

New Jersey.—Reports from the capital indicate that Katzenbach, democrat, for governor, may have a plurality of 10,000.

Pennsylvania.—Sheets, who heads the republican ticket for state treasurer, is elected by a large majority estimated at 175,000.

In New York, Edward T. Bartlett and Willard Bartlett, who ran jointly on the republican and democratic tickets, were elected as judges of the court of appeals over the candidates of the independence league.

In New York city the Tammany candidates are leading those of the independence league by large majorities.

In Rhode Island, Higgins, democrat, for governor, is making gains, but the race is close.

In Maryland the country returns indicate that Ex-Governor Smith wins in the senatorial primary. There are no early returns on the gubernatorial race.

In Kentucky, Wilson, republican, for governor, is making gains, but there is doubt as to his overcoming the democratic majority.

At Cleveland the latest returns indicate a plurality for Johnson, democrat.

At Salt Lake City the American anti-Mormon party is leading.

At Toledo Mayor Whitlock is re-elected.

Hearst Forces Go Down in New York
NEW YORK, November 5.—Sufficiently complete returns to make certain the ultimate results show that the republican and independence league fusion in New York was defeated today by the straight democratic ticket and that the independence league candidates for associate judge of the court of appeals were overwhelmingly defeated by the tickets of the republicans and democrats and that there will be only a slight change in the makeup of the state assembly. The new state assembly will consist of ninety-four republicans and fifty-four democrats, a gain for the democrats compared with last year.

In New York city the independence league court of appeals ticket was defeated four to one and the league vote up the state was light. In the city interest centered on the county fight, in which the republican and independence league forces opposed the Tammany ticket. James A. Gerrard was elected to the supreme court by a wide margin over M. Linn Bruce. Thomas F. Foley was defeated for sheriff by the fusion candidate, Max F. Ishmen, who was also prominent in the independence league. Early returns gave Ishmen a big lead, but this was later scaled down until seven of the thirty-three election districts of the county showed a margin for Foley of 25,000. The election was unusually quiet and the vote light. There were a considerable number of arrests for illegal voting. Chairman Herbert Parson of the republican county committee, who brought about the fusion with the independence league, said late tonight that he believed several republican assemblymen had been chosen.

Good Government Ticket in 'Frisco

SAN FRANCISCO, Cal., November 5.—At 1 o'clock this morning a total of the partial returns received indicate the election of almost the entire good government city and county tickets, including mayor, district attorney, board of supervisors, treasurer, assessor, tax collector, recorder, city attorney, public administration, sheriff, coroner and two police judges. The union labor party may have saved incumbents in the offices of the auditor and county clerk. On a basis of 10 per cent of the count of votes in 249 of 272 precincts, with the Mission district largely to be heard from, Taylor's plurality over the union labor candidate, McCarthy, should approximate 9,000; Langdon's plurality over McGowan, 18,000, with Ryan, republican, running a poor third in the majority race. It is not likely that a full count of all the precincts will be completed before a late hour today and will make material changes in the apparent results, though complete returns from the Mission district may cut down Taylor's and Langdon's pluralities.

Kentucky Looks Republican

LOUISVILLE, Ky., November 5.—A complete reversal of the usual democratic majorities in the city of Louisville and heavy republican gains throughout the state are in a ratio that indicates the probable election of Wilson, republican candidate for governor. If the ratio of gains is maintained in the remaining counties to be heard from

it insures Wilson's election by a safe majority.

James F. Grinstead, republican, for mayor, has 1,250 majority over Owen Tyler, democrat. City and county are conceded to the republicans by majorities estimated at 2,300 for Grinstead and 4,300 for Wilson. Wilson, therefore, led by about 8,500 at 10 o'clock. The republicans have also gained a large number of seats in the next legislature. The indications are that the democrats have a safe majority on joint ballot and that Governor Brannan will be elected United States senator.

Johnson's Election Conceded

CLEVELAND, Ohio, November 5.—At republican headquarters Secretary Rodway announced at 10:40 that the election of Johnson was conceded. Indications point to the election of all the democratic nominees for city offices. The majority of councilmen are democrats.

Markbreit Has Clear Majority

CINCINNATI, Ohio, November 5.—By a decisive plurality and possibly a clear majority over all his four competitors, Colonel Leopold Markbreit, the veteran German editor and former United States minister to Bolivia, was today elected mayor of Cincinnati on the republican ticket. According to early returns the entire republican ticket has probably been elected.

Everything Republican in Massachusetts

BOSTON, Mass., November 5.—Governor Curtis Guild of Boston, republican, was re-elected for a third term today by a plurality of 100,000, the largest given a gubernatorial candidate in Massachusetts since the free silver movement. The rest of the republican state ticket was successful and the party is again in control of both branches of the legislature by a proportion of about 3 to 1. General Charles W. Bartlett, anti-merger candidate, polled about 13,000 votes, compared with about 83,000 for Whitney and 73,000 for Moran.

All One Way in Bay State

BOSTON, Mass., November 5.—The republicans won a sweeping victory in today's election, electing Governor Guild and all the state officers. The republicans have the usual majorities in both branches of the state legislature. The state officers elected today were: Governor, Curtis Guild Jr.; lieutenant governor, Eben S. Draper; hope-dated secretary of state, William H. Olsen; treasurer, Arthur D. Chapin; Holyoak; auditor, Henry N. Turner; Malden; attorney general, Dana A. Malone, Greenfield.

The returns up to 7:30 indicated the

VINCENT ST. JOHN SHOT BY MINER

Paddy Mulaney Makes Target of Radical Labor Leader—Wound Not Serious

By Associated Press.

GOLDFIELD, Nev., November 5.—Vincent St. John, a prominent labor leader and member of the Western Federation of Miners, was shot in the arm and painfully but not seriously wounded, by Paddy Mulaney, a member of the miners' union, shortly before 6 o'clock tonight. John Tennant, a mining man and former partner of Governor Sparks, was struck in the leg by a stray bullet.

The shooting occurred on Main street in the presence of hundreds of pedestrians and was the climax to a heated argument over labor matters, Mulaney being of the conservative element and has been violently opposed to the methods of St. John. St. John was armed but made no attempt to use his revolver.

After the shooting Mulaney put his gun in his pocket and calmly walked up the street. He was arrested before he had gone a block and lodged in jail. The wounded man was removed to the miners' hospital.

St. John is under indictment for conspiracy to murder in connection with the killing of a restaurant proprietor last spring, for which crime two men, directly implicated, are now serving a long term in the penitentiary.

PINTO COPPER COMPANY MAKES A GOOD SHOWING

The reports of the treasurer and the general manager showed that 1,108 feet of work had been done in the last four months at an average cost per foot, including all items of expenditure, of \$7.06 per foot. This is a remarkably good showing, evidencing economy and careful management.

The company has approximately \$1,000 worth of rails, timbers, supplies, tents and material on hand.

Total expenditures 8,531.23

Interest in Ten Million Loan

PHILADELPHIA, Pa., November 5.—The election in Philadelphia today passed off as usual, the republicans electing all candidates by the usual large majority. More interest is taken in the fate of the ten million loan proposition than in any of the candidates on the city or state ticket. The reform organization is against the loan. The returns show the loan carried in this city. John O. Sheets, republican candidate for state treasurer, ran strong. His plurality will be close to 1,000 in the city. The following were the successful local candidates, all re-elected: Judges common pleas court, F. A. Brey, John L. Kinsey, Edward W. Magill, William W. Wilbank, William G. Ferguson, Charles V. Andrieu; judge of orphans' court, Edward A. Anderson; city comptroller, John M. Walton; recorder of deeds, William S. Ware; clerk of quarter sessions, Thomas W. Cunningham.

Incomplete returns are as follows: Ryan, 103; Taylor, 426; McCarthy, 231; Langdon, 246; McGowan, 205.

NEGRO SHOT DOWN MEXICAN IN COLD BLOOD

Walked from His Barber Shop to Within Twelve Feet of His Victim and Then Fired.

CLAIMS THAT CABRERA THREATENED HIS LIFE

Murdered Man Was a Respected Union Miner—The Jury's Verdict Holds the Negro Responsible for the Murder.

Wesley Burgess, the negro barber, who shot and killed Juan Cabrera at Crowley, Lower Pinto, Monday, was brought to the city yesterday by Deputy Sheriff Voris and lodged in the county jail. The coroner's jury returned a verdict to the effect that the Mexican came to his death as the result of a gun-shot wound from a gun fired by Wesley Burgess and there was no evidence to show that the act was provoked. The body of Cabrera was brought to Globe last night by the Jones undertaking company.

According to the testimony of witnesses to the tragedy, Burgess, a negro barber, was sitting in his shop along the Pinto creek road shortly after 11 o'clock Monday morning. Cabrera passed the shop rolling a cigarette. The barber picked up his gun loaded with bird shot and walking to within twelve or fourteen feet of the Mexican, spoke to him. As Cabrera slightly turned his head the negro fired. The shot took effect in the top of the Mexican's head tearing out his left eye and rattling his brain like a sieve. The Mexican jumped in the air, fell to the ground and was dead in fifteen minutes. After firing the first shot Burgess ran to his barber shop, where he left his shot gun and returned with a revolver in his hand. A woman who had witnessed the tragedy called to him not to shoot again—that the man was dead. The woman's screams frightened the negro and he started on a run across the creek. As he approached O. S. Crossey and Con Crowley, the latter cried:

"What's the matter?"

"Shot a Mexican," was the negro's reply.

"Consider yourself under arrest," said Crowley.

"That's what I'll do," said Burgess.

The negro was turned over to Crossey, who took him into his saloon. Five minutes later a giant Mexican entered the place and, after announcing that he didn't want to see the negro get away, proceeded to relieve Burgess of his gun. It took the combined efforts of Crowley and Crossey to subdue the Mexican and recover possession of the gun. The officers at Globe were then notified and the prisoner later turned over to Deputy Sheriff Roberts, who held him until the arrival of Deputy Voris.

Burgess claims that the negro had threatened his life and for this reason he took the drop on him. The dead Mexican was a hard-working, respected miner and a member of the union. He was known as a peaceable, well behaved fellow and was never heard to make threats against the negro.

WOULD DIE FOR LOVE OF A GIRL

Saw Picture of a California Beauty in Magazine and He Came from Germany

LOS ANGELES, Cal., November 5.—John Jehl, a young German who has been here but a few months in America, has been arrested for persecuting Miss Josephine Bauman of 1031 Leota street with his attentions. So grave is his affection for the girl, who is extremely pretty, that he threatened to murder her and commit suicide if she would not marry him. It was then that the police were called in and the man arrested. Jehl declares that he saw Miss Bauman's picture in an American magazine as a California beauty at his home village in Germany and that he came to America with the avowed intention of marrying her.

MISSIONARY WORK AMONG THE RICH

Soul of Capital Just as Valuable as That of Ignorant Fallen Girl

By Associated Press.

BATTLE CREEK, Mich., November 5.—Missionary work among the wealthy was urged by Mrs. Elizabeth Grannis of New York at a session of the National Purity congress today.

"It is easy enough to go to the slums teaching the poor and ignorant," she said, "but what we need most is work among the high and mighty. The soul of the capitalist is just as valuable in the sight of God as that of the fallen ignorant girl."

Mrs. Grannis urges the passage of an infidelity law in all the states similar to the one in New York.

James Osborn of Albion was hissed and cheered when he approved of riding out of town on a rail of the 87-year-old minister who married a 16-year-old girl. He urged the passage of a law requiring candidates for marriage to be approximately the same age.

FRANCIS A. SHAW IS AUTHORITY ON MASONRY

Francis A. Shaw of Phoenix, the grand lecturer of the Masonic lodge for Arizona, who has been in Globe since Friday, leaves this morning for Safford. It was his first official visit to the local Masonic lodge and he was most enthusiastically received, nearly a hundred Masons being present at lodge last evening to make his acquaintance and see him exemplify the work of the fraternity. Only one who has given close study to Masonry could become such an authority upon the subject, and Masonry throughout the southwest is proud of the venerable grand lecturer of Arizona, who in the gentleness and kindness of his manner reflects the exalted teachings of the oldest fraternity in the world.
